Local must-see?

I always take people to LHUCA. The culture there and what's being developed is phenomenal. One of the best art trails in the country takes place there every first Friday of the month.

For a night out?

People who haven't been to Louie Louie's Piano Bar. lose their minds because of the great entertainers. You get to participate and sing. No one ever leaves there unhappy!

Favorite restaurant?

I love Wylie's Barbecue.
I get either their chicken or their ribs.
