Junior High Student

### **Best place for kids?**

The Science Spectrum & Omni Theater is awesome! My favorite thing is the big air balloon that you get to control. We also went during their Butterflies Alive! exhibit, and a butterfly landed right on my friend's nose.

### **Best pizza in town?**

It's definitely West Crust Artisan Pizza. I got to see them toss the dough and make the pizza. Their Margherita pizza is probably my favorite.

### **Favorite museum?**

You have to go to the Buddy Holly Center. You get to see a lot of his old stuff. We went during their Summer Showcase and heard a lot of live music.
